1.9.2	Participant completes top of <i>Medical Clearance Form</i> (SC)	
1.7.2	• Explain that before the next study visit you will ask the participant's physician if	
	it is safe for him to start walking. Add patient name and SSN to form.	
1.9.3	Assign Enrollment ID using <i>Crosswalk 1</i> (SC)	
	 Ask participant for an alternate contact person and phone number in case we can't reach him at home. Record on Crosswalk 2. 	
1.15	Distribute Actical (SC)	
1.13	Record enrollment ID and date dispensed on the <i>Actical Log</i> for the serial # dispensed.	
	 Set up Actical on Actireader and write user identity (Enrol. ID and V#), start date 	
	and time, and participants ht/wt. Make sure the battery life extends beyond the date the participant is to wear the Actical.	
	Explain that it measures activity level, and we are looking to get an idea of how	
	active they are before starting the new walking program, so we want them to do whatever it is that they have been doing.	
	Demonstrate how to wear it (arrow up).	
	Dispense Actical Use Handout.	
	Record dates that the device will be worn on the Actical Wearing Log. Dispense	
	the log to the participant and explain how to complete it.	
	Instruct participant to wear the Actical each day (off only at night) for a full	
	seven days.	
1 1/	Time Actical put on the participant: am pm Administrate Reporting Symposities (SC)	
1.16	Administer Baseline Survey (SC)	
	 Add Enrollment ID to top of Baseline Survey. Let participant know that it will take ~20-30 min. to complete, that he does not 	
	 Let participant know that it will take ~20-30 min. to complete, that he does not have to complete anything that he doesn't feel comfortable completing, and that 	
	he can ask you if he has questions. Ask if the participant would like to complete	
	the survey independently or if he would like you to read it to him.	
	Review any skipped answers with participant to make sure they were skipped	
	intentionally and not as an oversight.	
	Add Baseline Survey date to <i>Crosswalk 1</i> .	
1.18.	Schedule Visit 2 (SC)	
	 There must be seven full days of Actical data, so this appointment needs to be scheduled at least 7 days from today and at the time of day the Actical was put on 	
	or later. This visit can be up to 14 days after Visit 1.	
	Have planner available, document appointment. Cive portionent appointment and	
	 Give participant appointment card. Confirm participant's telephone number (for reminder call) and record on 	
	Crosswalk 2.	
1.18	Give participant phone card (SC)	
	 Complete Payment Record/Receipt and have the participant sign and date. 	
1.17	Have participant's MD sign <i>Medical Clearance Form</i> (SC)	
	Label with participant name and last 4 of SSN	
	Keep original locked in Medical Clearance File	
1.20	SOC from Baseline Survey (SC)	
	Make a copy of pages 4-7 of the Baseline Survey and label it with patient name	
	and last four digits of the SSN.	
	Put this in a yellow visit 2 file (give to the RD at visit 2).
